| You have three magic genie wishes, what are you asking for?

I don't believe on magic genie let me go with Prayers. If my 3 prayers would be heard by God my three wishes would be.

1) I wish to walk but not completely with the help of caliper stick because I don't want to forget my disabled life. 🧡

2) I wish my parents to see my relationship with pradee from my perspective. Then sure I could make them happy of my relationship. 🧡

3) To give me willing and guidance to do very little part of my life in missionary. 🧡
